

Introduction to Digital Imaging

Enrollment

The following students are enrolled in CS 116: Introduction to Digital Imaging for the fall semester of 2002. Note that this list is identical to the list generated by the online registration system, in other words, exactly everyone who was pre-registered for this course is enrolled.

If you are not on this list and would like to take this class in the future, please be alert during course selection time as pre-registering is now the only way to guarantee yourself a spot in this class.

1. Cristina Barrantes
