expectations

Attendance. Students are expected to attend class regularly. Students with more than two unexcused absences will not get an evaluation for the course. Lateness of over 10 minutes counts as an absence.

Participation. Students are expected to participate frequently in class discussions. Consistently quiet students may be called on in class to answer questions or provide comments.

Assignments. Students are expected to complete and hand in every assignment for the course by the start of the last day of class (April 29th). If a student ever falls two assignments behind they will not receive an evaluation in the course. If a student is told to redo an assignment it means that what was handed in does not count as a completed assignment. Late assignments will be accepted but they may not receive evaluative comments from the instructor. Assignment revisions are always welcome.

Email. Students are expected to sign up for the class email alias (see details at left) and check their email regularly for late-breaking course information.

disclaimer

These expectations may be amended throughout the term. Students can expect to be informed of any such changes before they have an impact on academic standing in the class.

evaluations/grades

Evaluations/grades will address a student's overall engagement with the course material from throughout the term, as determined by factors such as the quality and creativity of assignment work, class participation, progress, and effort.

Students are encouraged to contact the instructor and/or the TA regularly to make sure their attendance record and assignments are satisfactory.
